

Wednesday April 4, 2018

Dear Sir/Madam,

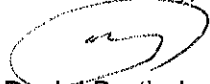

I highly recommend Cameron Tindall as a candidate for employment. I have known Cameron since February 2015 when he was hired as an Incident Manager at Endurance International Group. At that time we were peers and I assisted with his training. I am now his direct manager.

Cameron's professionalism is above reproach. He is extremely reliable and can be counted on to follow through and ensure the job gets accomplished. He is flexible and a team player. Cameron's ability to work under pressure in a fast pace environment makes him invaluable in his role. Some of his recent accomplishments include; composing and editing a searchable knowledge base for the monitoring team, including detailed technical writing and troubleshooting steps, working with multiple disparate teams to streamline business processes, including most recently with regards to change management, on-call alerting, integration of overseas teams into existing business workflows.

His position as at the center of a large number of different teams has allowed him familiarity with several different technology stacks as well as their failure modes, allowing him to help direct technical discussions and drive more rapid resolution.

Cameron would be a tremendous asset for your company and has my highest recommendation. If you have any further questions with regard to his background or qualifications please do not hesitate to call or email me.

Yours faithfully,

Daniel Barthelemy
